VSEVOLOD DEKHTERINSKIY

Web Developer

DETAILS

Wien, Austria
seva2409@gmail.com
+4368120417051

PROFILE

I have programming experience for **more than 3 years** and been working for more than 2 years in IT-branch. I am most experienced in a Front-end, however I have a good understanding of back-end as well.

EMPLOYMENT HISTORY

Web Developer, Sobesednik, Moscow

APRIL 2021 — MAY 2023

- Created working web-applications using **Next.js and Laravel**
- Implemented a responsive design that ensured the web application was accessible on all devices
- Used HTTP REST API to fetch and display data properly and used built-in optimisation methods.

Web Developer, IFU Sprachschulung, Wien

AUGUST 2023 — PRESENT

Developed and optimized several web pages. Implemented Telegram-Bot which is now used as an interface for new Students who want to enroll to the school.
